

## TECHNICAL DATA SHEET

### CANFORD MUSA HD 3GB/S 1080P PATCHCORDS

These are suitable for 3Gb/s 1080p HDTV, 1.5Gb/s 1080i HDTV, SDTV, Analogue and Unbalanced 75ohm AES Audio and use Canford's SDV-F flexible, low-loss digital video cable. Connector body parts are nickel-plated and centre contacts are gold plated giving a smooth mating action and overcoming the 'sticktion' and tarnishing of the now obsolete silver MUSA. They are completely compatible with all MUSA jackfields, including older analogue types (silver-plated connectors). MUSA HD-BNC HD patchcords have a MUSA HD at one end and a Neutrik rear twist BNC HD at the other.

All connectors are fitted with black strain relief bushes, unless otherwise stated.

45-5006 CANFORD MUSA 3G HD PATCHCORD

45-5119 CANFORD MUSA 3G HD-BNC HD PATCHCORD Neutrik rear-twist

Stock code	Description	Colour
